

GENERAL LIABILITY INSURANCE COVERAGE INFORMATION

Any special event sponsored by a Congregation Beth Israel member, even though held in the Congregation Beth Israel facility, is not considered a Congregation Beth Israel event and therefore is not covered by Congregation Beth Israel's insurance. It is standard practice, by most if not all rental facilities, to request that renters provide proof of General Liability Insurance Coverage naming the venue (i.e. Congregation Beth Israel) as an "additional insured." This insurance will cover someone who gets hurt or any damages that occur during an event.

All individuals and organizations (including members of Congregation Beth Israel) who rent space at Congregation Beth Israel are required to purchase an Event Policy from either their personal insurance company or from a third party insurance company such as wedsafe.com.
